Comments: This value report was produced by using NADAguides.com's Manufactured Housing Online Expanded Request Form. This is automated valuation tool that generates value reports based on user-selected home criteria.

The value indication of this value report represents the depreciated replacement cost of the home and added features in retail dollars, and does not include adjustments for land, community "in place location value", or local market comparable sales.

Disclaimer
Except for MSRP and other new vehicle pricing, which are established by manufacturers, all values and related content contained in this National Appraisal Guides, Inc. (NAG) website are based on the opinions of NAG editorial staff and are only intended as a guide. The methodologies for producing estimated values may vary from model to model. Individual vehicle values will vary depending on seasonality, regional considerations (including local market conditions), vehicle condition, features and configurations of the vehicle, and other factors particular to the vehicle, the transaction and the parties involved. For some models, no sales have been reported and the estimated values are based solely on market research and editorial discretion.

Unless otherwise indicated, MSRP is the manufacturer suggested retail price and excludes other charges, including but not limited to destination and delivery charges, taxes, and title and registration fees. Calculation of any price, tax, incentive, lease or finance terms is an estimate, and may not be completely accurate. Contact your selected dealer for the actual price of any vehicle and any applicable terms and conditions that may apply.
